Issue 2

crossover adventure

scooter in style

KP V150
LF150T-8

2 Core Features

Enjoy your adventure at will !

• Single rear shock absorber

Sports-class independent rear shock absorber: the independent oblique rear shock absorber with prominent ADV element and built-in airbag provides better shock absorption and brings better comfort and safety.

• 180mm Unhindered passability

With 180mm ground clearance from footrest, excellent trafficability allows free exploring on all terrains unimpeded.

☑ Cutting-edge technology on water-cooled engines: water-cooling with built-in radiator to prevent overheat from long-period running, supplies long-lasting power with better durability and wear-resistance.

Engine Type	Horizontal, single-cylinder water-cooled, four-stroke, OHC
Bore × Stroke	57.3×57.9
Displacement (ml)	149.3
Compression Ratio	10.6:1
Max. Power (kW@rpm)	9.0/8500
Max. Torque (N.m@rpm)	11.8/5500

Full digital LCD dashboard

LCD digital dashboard: full LCD digital meters display clearly vivid readings day and night.

Daytime Running Light and Position Light (All LED)

Full LED upper-and-down double beam headlight, innovative and distinctive design with higher safety.

11L extra-large fuel tank
Extra-long range to reach afar

11L extra-large front fuel tank guarantees 400km range, to reach wherever your heart yearns for.

34 Inch big all-terrain tires

Higher and larger outer diameter better suit ADV road conditions.

Adjustable windshield

Adapt to a wider group of riders of different heights.

USB port/12V power outlet

Double charging mode: built in USB port and 12V power outlet charge your electronic devices wherever and wherever.

Vehicle styling presents strength and flexibility

sporty design with strong muscular bodylines.

Perfect ergonomics with comfortableness

Integral frame, all-alloy cradle and alloy variable diameter handlebars are lightweight and durable.

360° Display

Eye-catching Color Options

● Sapphire Blue ● Fluorescent Yellow

● Star Gray ● Pearl White

KPV150 Specifications

Motorcycle Model	LF150T-8
Dimension (L×W×H mm)	1925×700×1200
Wheelbase (mm)	1325
Net Weight (kg)	143
Seat Height (mm)	785
Fuel Tank Capacity (L)	11
Engine Type	single-cylinder, water-cooled, four-stroke, OHC
Bore×Stroke (mm)	57.3×57.9
Displacement (mL)	149.3
Compression Ratio	10.6:1
Max. Power (kW@rpm)	9.0@8500
Max. Torque (N.m@rpm)	11.8@5500
Start	electric start
Transmission	infinitely variable speeds
Brake (front/rear)	disc/disc
Wheel	All-alloy
Tire (front/rear)	100/90-14/120/70-14
Max. Speed (km/h)	93
Economical Fuel Consumption	(L/100km) ≤2.4
Fuel Supply System	electronic fuel injection
